PUMPS - SEALS - VALVES - PROCESS EQUIPMENT

Summary

- Privately owned Cork based company founded in 1982
- The company portfolio delivers expertise for our customers across all business sectors
- Product focus of **Safety** through **Reliability** of performance – Giving our customers improved Uptime
- Focused portfolio support via dedicated teams in Process Equipment, Valves, Pumps & Mechanical Seals

Flexachem.com

PUMPS - SEALS - VALVES - PROCESS EQUIPMENT

- Chemical
- Pharmaceutical
- Biotechnology
- General Process Industries
- Refinery plants
- Energy generation
- Paint
- Cosmetics
- Food and Beverage
- Meat Processing
- Water & Waste Water treatment
- Steam & Utility Applications
- Contractors & Process Skid Builders

Partnership approach
with our clients to
deliver engineered
solutions to meet
your application &
performance needs –
from component to
project turnkey

General summary

Process

- Tank Solutions - including Bioreactors, SS316 Production Skid packages, Glass lined vessels
 - Filter dryers, Tank Agitators, Heat exchangers, Product blending & CIP Skids
- Tank cleaning, Cooling Towers, Purified Water Generators, Solvent recovery & Thermal separation
- Pipeline solutions & Corrosive applications including bellows, sight glasses..

Valves

- Alloy
- Lined
- Actuated
- Control

Pumps

- Centrifugal
- Vacuum
- Positive displacement

Seals

- Agitator seals
- Pump seals

Sanitary components

- Fittings & couplers
- Diaphragm valves

Filter Dryers

Glass lined reactors and vessels

Magnetic drive agitators

Top entry agitators

Product Handling

Thermal Separation & Solvent recovery

Pure steam generator & WFI Generation systems

Class 1

Class 2

Class 3

Class 4

Class 5

Tank Cleaning

Filters + Strainers

Tank Level Gauges

Sight glasses

Expansion Bellows

Pipeline & Tank components

Filling Line Solutions – Ceramic lined Pumps & Valves

Cone blenders

Product vessels

Production solutions

CIP skids

Skid based solutions

Product Heat Exchangers & Heating/Cooling Skids

Kelvion

AMETEK[®]
FLUOROPOLYMER PRODUCTS

Cooling Towers

Kelvion

**THERMAL
SOLUTIONS**

SMART

Industrial Chillers – Oil Free operation

- Range up from 250 kW & customised units of over 3.2 MW
- Rapid Shipment [RS] series available
- Air cooled & Water cooled options
- All RS units utilize low-GWP R1234ze refrigerant, with R515B available as an alternative

The specialists
in ptfе piping!

Corrosion resistant pipework

Diaphragm Valves

FLOWSERVE

Vacuum + Centrifugal pumps

- Durco Mark3 Process pumps
- Innomag Magnetic drive Sealless pumps
- SIHI Vacuum pumps
- Seal pots
- Commissioning & Alignment

Sanitary Rotary lobe and Centrifugal pumps

NETZSCH

Progressive Cavity

Rotary Lobe

Peristaltic

Transfer pumps – Pharma

Mechanical Seals

Flame Arrester

Venting

Bursting discs

Vapour control

Project Flow

Basic Process Flow Diagram

- Define basic volumes, flow rates and pipeline sizes end to end

Detailed Process Flow Diagram

- Evolved specification and URS development
Mechanical specifications

Overlay P&ID

- Inclusion of instrumentation, control and automation

Specification for enquiry

- Bill of materials listing
- Partnership commentary and submission of costs
- PO discussion

Equipment schedule

- Delivery
- Install
- Close out

Technical Comment

We encourage discussion on options to maximise efficiency & optimise the budget

ATEX discussions will have a bearing on solutions offered

Lead times options will also be tabled

Site commissioning and sign off protocol to be agreed per product type in advance of purchase

Service engineers subject to our partners rate of site costs

Lead times

- Depends on the capital equipment type
- Longer lead items are typically filter dryers, glass lined vessels, agitators, cooling towers, aeration systems, some pumps
- Most other items fall into the 6-16 weeks bracket for delivery once specifications are known & confirmed with the factory
- Lead times are dependent on specifications agreed for the duties, factory loading, materials availability, payment stages and client approval for any drawings relevant for manufacture

Finance

- Once overall budget is worked out this can be discussed
- A value package will also be available for multiple equipment spend
- Typically for CAPEX spend, stage payments will be involved
- Formal Purchase Order required for ISO audit purposes
